Beds collection

bolzan

Nella sottile danza tra la luce del giorno e il buio della notte, nell'evolversi dal rigore invernale alla rinascita primaverile, troviamo la quintessenza della nostra vita.

In the delicate dance between the light of day and the darkness of night, in the transition from the winter's rigour to the spring's rebirth, we find the quintessence of our lives.

# Tailored dreams

IT Siamo un'azienda familiare nata da un sogno semplice ma ambizioso: portare nello spazio più intimo della casa la bellezza di un prodotto realizzato con cura e capace di durare nel tempo.

Fin dall'inizio, abbiamo respirato l'amore per i tessuti, il rispetto per il lavoro artigianale, l'attenzione per quei dettagli che parlano senza far rumore. La ricerca della qualità è da sempre parte di ciò che siamo.

Nel tempo ci siamo evoluti. Con i nostri letti abbiamo attraversato confini, aperto le nostre collezioni a mercati sempre più ampi, intrecciando la voce della nostra artigianalità con quelle di designer di fama mondiale.

Da trentacinque anni produciamo ogni pezzo nella nostra sede storica in Veneto, una terra che fonde bellezza e maestria artigianale. I materiali e i fornitori che scegliamo provengono dal nostro territorio, perché crediamo nella forza delle reti locali. Ogni fase del processo è interna, ogni passaggio accompagnato con cura e attenzione. Falegnami, tappezzieri e sarti trasformano la tecnica in gesto, la funzione in armonia. Ogni dettaglio è il risultato di una manualità esperta, affinata nel tempo e in costante evoluzione, come un racconto che si rinnova a ogni letto. Per noi, coltivare il sapere artigiano significa costruire con pazienza prodotti che parlino il linguaggio silenzioso delle cose fatte bene.

In questo catalogo troverete una collezione profondamente rinnovata, con nuove forme che raccontano chi siamo oggi: un'azienda che sceglie l'equilibrio tra design e funzione, che continua a innovare e che vuole abitare il futuro con consapevolezza e visione.

Ogni letto Bolzan è un progetto pensato per restare, da vivere ogni giorno per accompagnare a lungo i vostri sogni.

**EN We are a family-run company born from a simple yet ambitious dream: to bring the beauty of a thoughtfully crafted, long-lasting product into the most intimate space of the home.**

**From the very beginning, we have lived and breathed a love for textiles, a respect for craftsmanship, and a keen attention to those quiet details that speak without making a sound. The pursuit of quality has always been part of who we are.**

**Over time, we have evolved. With our beds, we have crossed borders and opened our collections to ever-wider markets, weaving our artisanal voice with those of world-renowned designers.**

**For thirty-five years, we have been crafting each piece in our historic headquarters in the Veneto region, a place where beauty and artisanal mastery are tightly interwoven. The materials we choose and the suppliers we work with come from our native territory, because we believe in the strength of local networks. Every phase of production takes place in-house; every step is handled with care and precision. Carpenters, upholsterers, and tailors transform technique into gesture, function into harmony. Every detail reflects skilled hands—refined over time and in constant evolution—like a story that rewrites itself with each new bed. To us, nurturing artisanal knowledge means patiently crafting products that speak the quiet language of well-made things.**

**This catalogue presents a deeply renewed collection, with new forms that tell the story of who we are today: a company that seeks balance between design and function, that continues to innovate, and that aims to inhabit the future with awareness and vision.**

**Every Bolzan bed is designed to last, a companion in daily life made to cradle your dreams for years to come.**

IT Nel letto Jack-e Intreccio, la purezza della struttura incontra la raffinatezza del dettaglio artigianale: testiera e pediera sono realizzate intrecciando a mano corde in carta avana, che danno vita a una elegante trama. Un gesto materico che aggiunge leggerezza visiva e un fascino tattile al progetto.

EN In the Jack-e intreccio bed, the purity of the structure meets the refinement of handcrafted detail: the headboard and footboard are made by hand-weaving natural brown paper cords, creating an elegant pattern. A tactile gesture that adds visual lightness and a charming texture to the design.

IT Jack-e Cuoio è la variante realizzata nel pregiato cuoio naturale, un materiale nobile e senza tempo che esalta l'eccellenza artigianale del modello. La lavorazione del cuoio, accurata e sapiente, restituisce una superficie materica e calda, capace di conferire al letto una presenza elegante e distintiva. Ogni cucitura, ogni finitura racconta una storia di cura, di esperienza e di attenzione al dettaglio, testimoniando una costante ricerca di qualità, autenticità e durata nel tempo.

EN Jack-e Hide is the version crafted in fine natural leather, a noble and timeless material that enhances the artisanal excellence of the design. The leather's meticulous and skilful workmanship results in a textured, warm surface that gives the bed an elegant and distinctive presence. Every stitch, every finish tells a story of care, expertise, and attention to detail, bearing witness to a constant pursuit of quality, authenticity, and lasting value.

# Jack-e Cuoio

IT Il cuoio è ottenuto con tannini naturali provenienti da foreste certificate, acqua e tempo: quest'ultimo essenziale perché i tannini penetrino nella pelle, trasformandola in un materiale unico.

EN The leather is tanned using natural tannins sourced from certified forests, along with water and time – the latter being essential for the tannins to fully penetrate the hide, transforming it into a unique and distinctive material.

IT Nel letto Jack-e, l'elemento tessile svolge una doppia funzione, decorativa e strutturale: il tessuto definisce i volumi ed enfatizza le forme, donando al letto una leggerezza inedita e sorprendente. Il rivestimento sfoderabile ne amplifica la versatilità, permettendo di rinnovarne l'aspetto con facilità, scegliendo tra i numerosi tessuti proposti dalla collezione Bolzan.

EN In the Jack-e bed, the textile element serves a dual purpose – both decorative and structural: the fabric defines the bed's volumes and enhances its lines, bringing an unexpected and distinctive lightness to the design. The removable cover adds versatility, allowing the bed's look to be refreshed with ease by choosing from the wide range of fabrics in the Bolzan collection.

# Marty

Design e-ggs

**IT** Marty interpreta l'evoluzione del nostro modo di abitare. La testiera imbottita, ampia e accogliente come lo schienale di un divano, trasforma la camera in uno spazio da vivere. A completare la proposta, un accessorio pensato per la quotidianità: il vassoio laterale, disponibile in versione laccata o in marmo di Carrara, offre una superficie d'appoggio elegante e funzionale.

**EN** Marty reflects the evolution of how we live today. Its generous, upholstered headboard—reminiscent of a sofa backrest—transforms the bedroom into a space to be lived in. Completing the design is a thoughtfully conceived accessory: a side tray, available in a lacquered finish or Carrara marble, offering an elegant and practical surface for everyday use.

# Corolle

IT Corolle è un letto che unisce memoria e contemporaneità. Nella sua versione originale, la testiera trapuntata esprime un'eleganza sartoriale, mentre la variante plane, dalla superficie liscia, interpreta il comfort in chiave più essenziale. Raffinato ma discreto, si adatta con naturalezza a contesti classici o moderni.

EN Corolle is a bed that blends memory and modernity. In its original version, the quilted headboard conveys a sense of tailored elegance, while the plane variant, with its smooth surface, offers a more essential take on comfort. Refined yet understated, it fits naturally into both classic and contemporary settings.
